For the Demonstrations at the NAW AGM on the 6th July
Geoff Addison will be taking us through the process of making a
branchwood egg with wavy pewter inlay.

April Demonstration

Proposed Fun Day competition pieces by Noel Graham & Peter Clemett

Noel explained how the Fun Day competition works, and what is envisioned for this years competition. Each team will be given six pieces of wood, 100 x 100 x 100 mm, three for a square hollow box and three for a round lid in the form of a spinning top. Noel held the square between centres on the end grain ends and turned down a chucking spigot on one end. The spigot was held in the chuck and the base of the square was rounded off. The exposed end was hollowed out to about 60mm dia. and about 40mm deep.

Peter Clemett then held another square piece between centres and turned a chucking spigot. This spigot was then held in the chuck and the base of the lid (in the shape of a spinning top) was turned down to fit into the base and then tried for size. A small step was turned onto the taper for chucking purposes and the handle was then turned down to about 7 mm parallel so that the top could actually be spun.

We would like all of our Fun Day team members to come to a practice night at the workshop on 16 May and see if our initial design is okay or needs modifying. Thanks to Noel and Peter for their ideas and efforts
Rick Bolch Scribe

March Competition Table

1st=Chris Vermey

1st= Peter Clemett

1st= Robin Blowers

(to be completed by the person being nominated)

I (please print full name) _____ being a financial member of the Christchurch Woodturners Assn. Inc., agree to being nominated as a candidate for the position of (print position nominated for)

on the **Committee of the Christchurch Woodturners Assn. Inc.**

Please ensure your completed form is handed in at the June Club night or posted to the Secretary to be received no later than 5pm on July 1th 2019

Workshop News

Noel has just got a brand new bandsaw for his workshop so we have moved his existing big band saw into our workshop. So this now gives us the capacity to cut 300mm thick timber. There is now a Forstner bit extension of around 250mm on the shadow board. We now have a steady for longer spindles and we are working on a Longworth style chuck.

Workshop Opening Ceremony

There will be a combined Workshop Opening Ceremony and Graduation presentation on Saturday the 24th August at 2pm at the Workshop. This will include a display of Class 11's graduation pieces. The Workshop will be officially opened by Mike Mora, the Chairperson of the Halswell-Hornby-Riccarton Community Board. There will be more information about this in the July newsletter.

Making ATM Payments

If you are paying your subscription from an ATM machine make sure you include your NAME with the payment. We are still trying to track down a few payments that we don't have names for.

New NAW Course

We hope to start a new NAW course in September. This will be on the 1st Saturday of each month. If you are interested or know of someone who might be interested, you can email Noel at

noel_chris_graham@xtra.co.nz

This course will start with "Introduction to Woodturning" over two Saturdays where you will be introduced to some of the tools and techniques that woodturners use. If you are interested you can then continue with Level 2,3 and 4 courses. The whole process takes about three years, one Saturday a month. Workshop is opened from 8:30 – Course runs from 9am to 4pm. Coffee. Tea and Biscuits provided Bring your own lunch \$30 per session (Some sessions have an extra charge for additional material such as Pen Kits or Pepper Grinder Mechanisms.
