Venue

Burnside Bowling Club

330 Avonhead Road
Avonhead
Christchurch 8444
New Zealand

From the internet and around

1. Dangerous Craft Woodturning Products Recycling From Giant Burnt Wood To Stunning Design With Lathe. <https://www.youtube.com/watch?v=gs4FVkiNRuQ>
2. Kansas City Woodturners, January 2020 Meeting Demo. Anthony Harris demonstrates turning a wooden scoops using the offset method. <https://youtu.be/lb3LR1XrQp4?si=aZvTYr67SURvfhMv>. This demonstration was inspired by a talk by Soren Berger in the USA a few years ago (1990s).
3. Seen at the Timaru Community Menz Shed, obviously work in progress. Did you guess how it was made?
The ripples were carved by a CNC router, all radiating from a central point like the spokes of a wheel. The second piece is then inverted and glued to the first.
4. Margaret Garrard explains the process of Thermoforming, how to make a jig and use it to create multiple turnings. <https://www.youtube.com/watch?v=UE3BgEeHvqk>
5. And from Mark, Woodturning - Pen turning without a penkit. Cheap wooden pen. TheTinyWorkshop <https://www.youtube.com/watch?v=5U6lon3lf6Q>

Fancy a Live-in Weekend of Woodturning?

Waiora Turn Inn

Hosted by the Otago Woodturners Guild

Friday 12/04/2024 (midday) - Sun, 14/04/2024 (midday)

Waiora Scout Camp - Silverstream Valley Road, Whare Flat, Taieri Plains, Dunedin

For enquiries or to register, contact Leah Jelgersma (Secretary/Treasurer) by phone (03 453 1174) or email (otagowood@gmail.com). Closing date for registrations is 20/03/2024.

The Waiora event has no fixed programme – essentially you turn up with your own projects to work on, or if you need inspiration then you can check out what others are doing and try your hand. Participants typically engage in one or more of turning, scroll sawing, carving, or pyrography. Take your own lathe if possible and scroll saws are welcome. The Otago club has a limited number of lathes that can be used, which you can request when you register.

This is a residential (live-in) event. Onsite accommodation is in cabins (bunk style beds). A mattress and pillow are supplied, but you will need to bring own bedding (sleeping bag, pillow case) and towels etc. Carpark space is available for parking campervans if you prefer, but there are no power points.

You can self-cater or choose to have all meals catered by the event cooks. From past experience, this is a fantastic option, with great food and you will not go hungry.

Usually, W R Owen Turning Supplies has a shop set up all weekend in the main hall.

Special topic workshop sessions

The following session will start at 9am at the workshop in Auburn Reserve. If you wish to attend please email Noel or Peter one week prior to the class to reserve your space and give ample time for the preparation of timber etc... Check your emails for any late cancellations.

- 26-28 January Collaboration weekend
- 24 February Captive rings. Looking at the captive ring tool and skew tools
- 23 March Emerging bowl
- 27 April Wet turning flowers
- 25 May NAW weekend (club closed)
- 22 June Buzzy bee (Peter)

Other events

- 24 January Club meeting at Wigram.
- 28 February Club meeting at Wigram.
